Subject: Desert Hills/cave creek water co.

W-02124A-06-0717

Dear Commissioner Mayes,

I have just returned from vacation and so I may not be current on the referenced item.

I hope the commissioners have not handed down a decision in the Cave Creek request to dissolve the DHW company. I read an article by Kathleen Stimson with the Desert Hills Advocate which I believe should have strong bearing in your decisions.

She interviewed a gentleman with the Phoenix utilities division and he sees no possibility of Phoenix acquiring DHW company, at least in the foreseeable future. My concern is that this again illustrates the lack of planning and forethought by the town of Cave Creek in the acquisition of DHW company. They apparently have actually built this idea into their master water plan and here we are with Phoenix denying any interest in the purchase.

I urge the commissioners to deny the application for the dissolution of DHW since their planning capabilities seem to lack anything approaching professional and we, the residents of Desert Hills, need your protection, from this incompetence.

Respectfully,

Michael Gilson
